Career Objective

Seeking opportunities to apply knowledge in computer science to build efficient and scalable solutions, contribute meaningfully to technology-driven projects, and grow in a dynamic, real-world environment.

Education

Bachelor of Technology in Computer Science and Engineering　　86% | Sept 2022 – Present
Vignan's Lara Institute of Technology and Science

Intermediate(MPC)　　97% | Jun 2020 – Mar 2022
Sri Chaitanya Jr College

SSC　　98% | Jun 2019 – Mar 2020
VR High School

Work Experience

Artificial Intelligence - AI Health Assisstant Chatbot　　Feb 2025 | Virtual

- Designed an AI-based health assistant chatbot using NLP under the TechSaksham program by Microsoft and SAP.
- Gained hands-on experience in training language models and structuring conversational flows.

Full Stack Developement - Food delivery website　　May - July 2025 | Virtual

- Completed a Full Stack Developer Internship at SmartBridge, involving the development of a real-time food ordering platform, OrderOnTheGo, as part of a guided project.
- Acquired practical skills in MERN stack development by building the frontend with React.js, developing backend APIs using Node.js and Express.js, and handling database operations with MongoDB using problem-solving skills.

Academic Projects

Video Transcript Summarizer ⌞⌝

- Built a web-based tool that summarizes transcripts from uploaded videos using Whisper for transcription and BART for summarization.
- Achieved 80% reduction in transcript length while preserving key information, and improved processing speed by 3x for videos under 10 minutes.
- Tech Stack: Python, Flask, HTML, CSS, Hugging Face Transformers, Google Speech Recognition API

OrderOnTheGo - A food delivery website ⌞⌝

- Developed a full-stack food ordering application using the MERN stack.
- Enabled role-based access for customers, restaurant owners, and admins with features like ordering, cart, menu management, and downloadable bills.
- Tech Stack: React.js, Node.js, JavaScript, CSS, MongoDB

Skills

Technical Skills: Java, Python, HTML, CSS, JavaScript, MySQL
Soft Skills: Communication,Teamwork and collaboration,Time Management,Adaptability,Leadership

Certifications

⌞⌝ **Programming in Java** by NPTEL - 83%　　　⌞⌝ **Joy of Computing using Python** by NPTEL - 88%

⌞⌝ **Database Management System** by NPTEL - 64%　　　⌞⌝ **Web Development** by Internshala - 93%

Achievements

- Solved 200+ coding problems on LeetCode.

- Achieved 3-star rating on GeeksforGeeks.

- Earned 5-star rating in Java on HackerRank.

- Serving as Events Lead at GFG Student Chapter in college; organized multiple technical events.
